

**Subject:** (Fifth) Announcement of the CIMPA Research School (11-22, July 2022) and the 17th International Workshop on Real and Complex Singularities (24–29, July, 2022) at ICMC-USP-São Carlos, SP, Brazil

**Sent: May, 11th 2022.**

Dear colleagues,

We thank all of you who have already registered for the CIMPA school and the 17th Workshop of Singularities, and we will be happy to see the registration of the ones who have not done so. Since up to now no potential covid variant showed up, we are planning to offer the meetings (school and workshop) in-person. Maybe only a few activities will be offered online, for those speakers who have reported traveling difficulties.

If you wish to apply for some financial support to cover the local expenses during the meetings, please fill in your on-line registration form as soon as possible, but no later than the 31st of May 2022 at [Worksing - 2022 \(usp.br\)](https://www.usp.br/worksing-2022).

Please pay attention to the following items below:

- 1) For the participants who intend to deliver a talk, or present a poster during the meetings, please do not forget to update the title and abstract information in the registration form.
- 2) For foreign participants, we include a link that can help you to find out whether you will need a visa:  
[Visa information for foreigners traveling to Brazil](#) (in Portuguese and in English). Please do not forget to check with the authorities in your country if you need or not a visa to come to Brazil. In case you need it, please contact us in the email link [sing@icmc.usp.br](mailto:sing@icmc.usp.br) informing us what kind of invitation letter you need from the local organizers.
- 3) Please do not forget to fill in the registration form with the day/time of your arrival in the Guarulhos (São Paulo city) and/or Viracopos (Campinas city) international airports. It will help us plan the logistics of transportations to São Carlos city. After the registration deadline (May 31st) we will publish a chart on the meeting website informing all transportations time provided by the organizers, from the airports to São Carlos city, as well the airports-meeting-points.

Best wishes,  
The organizing committee
